**Please see Notes below regarding permit issuance and extra fees
Please read before signing below.**

The Kinloch Fire Protection District has adopted the International Building and Fire Codes, the 2018 editions, with some editions and deletions. All construction shall conform to these standards. One copy of the proposed construction plans with specifications is required for review. Comments formulated by the Fire Marshal's office will be sent to the above listed address in the form of a plan review letter.

Additional fees shall be charged for starting work prior to applying for this permit. These fees can be as much as the original fee. A re-inspection fee shall be charged to the applicant each and every time a re-inspection or re-test of the construction project is needed. The re-inspection fee can be 1/2 (one half) the amount of the original permit fee for each re-inspection or re-testing. Fees will be paid before final occupancy is approved. Payment must be in the form of a Money order or Check made payable to the: Kinloch Fire Protection District
